

WFCP

World Federation of
Colleges and Polytechnics

2016 **WFCP** WORLD CONGRESS

The Role of Professional Education
in the 21st Century

Vitória, Brazil

September 23-25, 2016

In partnership with the World Federation of Colleges and Polytechnics (WFCP), O Conselho Nacional das Instituições da Rede Federal de Educação Profissional, Científica e Tecnológica (CONIF) and Instituto Federal Espírito Santo (IFES) will host the 9th WFCP Bi-annual World Congress. Taking place in Vitória, Brazil from September 23rd – 25th the WFCP World Congress will bring together leaders of the professional and technical education and training sector to discuss the latest trends, topics and developments.

This year, the Congress will focus on The Role of Professional Education in the 21st Century, with keynote speeches from celebrated comparative education expert Dr. Robert Cowen and sociologist Domenico Di Masi, who will speak on the role of technology in our lives going forward. The WFCP World Congress will be followed by the annual gathering of leaders in professional education in Brazil, Reditec.

Both the World Congress and Reditec offer access to a breadth of professionals in the applied education sector from around the globe. This is a great opportunity to share innovative solutions, ideas and best practices with a variety of education leaders and professionals while learning from their experience.

The World Federation of Colleges and Polytechnics is the strong united voice of an international network of colleges, polytechnics and university colleges with a mandate to advocate and collectively influence the development of policy in all areas which impact on human resources development and lifelong learning. The WFCP forges strategic partnerships between members, the international business and learning community and offers a forum for shared best practices in the applied learning sector.
